

# YConference

YConference provides two state of the art meeting rooms of differing sizes. Both facilities are designed to specification with modern two tone lighting, air conditioning and impressive up to date media facilities at the touch of a button.

Both facilities are fully accessible to disabled people regardless of disability and a hearing loop is installed in both. Direct access to a variety of drinks can be found via a hot drinking machine located in the main Conference room whilst drinks can be pre arranged and in place as you require them in the small Conference room.

Use of other training aids can be provided on request for a small charge. YConference packages can be tailored to your specific needs and are competitive in terms of excellent value for money.

The Baden Powell Suite can seat up to 50 people whilst the the Mauretania Room, seats up to 12 people.
